

The **Education - Mentoring a non-CIIP** 10-Year Requirements option requires completion of a mentoring process with an individual who is not a CIIP with the expectation that the quality and scope of the mentorship will assist the mentee in understanding the knowledge and skills expected of an entry-level imaging informatics professional. The mentoring process must have been completed within 36 months prior to the end of the 10-Year Requirement compliance period. The mentor is not required to report whether the mentee has applied to the ABII for certification.
